

For those of you who need a little help Convincing your C.E.O. that Mobile Commerce is the right choice. Cut&Paste the form below!

Dear _____ (Your C. E. O.)

I recommend that we use the Mobile Commerce Solution from

EDFI/MCNI.

While you may not have heard of Mobile Commerce, they offer the only Mobile Platform that is both strong enough to handle our mission-critical projects and is easy to use. I acknowledge that I am accountable for my actions, and am fully prepared to take the fall for this decision.

But when it works, you owe me BIG!

Sincerely

(You)
